Dear Mr. Burenin,

I want to congratulate you on your selection to the Managerial Reserve of the Russian Federation. The fact that you are one of only 30 businessmen and entrepreneurs recognized in this fashion is a sign of your educational and professional accomplishment.

With the Baikal School of International Business, the University of Maryland University College is quite proud of your appointment. In distinguishing yourself, you show the value of education and are an example to our students everywhere.

Again, please accept my congratulations.

Sincerely,
